## **1.0 INFORMATION FOR BIDDERS**

### **1.1 PURPOSE AND INTENT**

This Request for Proposal (RFP) is issued by the Purchase Bureau, Division of Purchase and Property, Department of the Treasury (the "Division"), on behalf of the State of New Jersey, Department of Law and Public Safety, Division of State Police.

The purpose of this RFP is to solicit bid proposals to engage a contractor to provide DNA testing on specimens submitted from cases containing biological evidence. Further purpose of this RFP is to solicit bid proposals for the purpose of hiring a contractor to engage the services of a qualified DNA laboratory to provide DNA typing and classification of DNA samples consistent with the current requirements of the FBI's Combined DNA Index System (CODIS) and the DNA Advisory Board's (DAB) standards updated by the Scientific Working Group for DNA Analysis Methods ("SWGDM") herein after referred to as the ("DAB and SWGDAM standards") set forth in the Quality Assurance Standards for the Forensic DNA Testing laboratories ([www.fbi.gov/congress/congress02/forensicstd.htm](http://www.fbi.gov/congress/congress02/forensicstd.htm)) and the Quality Assurance Standards for Convicted Offender DNA Databasing Laboratories ([www.fbi.gov/congress/congress02/datastd.htm](http://www.fbi.gov/congress/congress02/datastd.htm)).

The New Jersey Legislature has previously declared that DNA databanks are an important tool in conducting criminal investigations, deterring and detecting recidivist acts, and in assisting federal, State and local criminal justice and law enforcement agencies in the identification and detection of individuals who are the subjects of criminal investigations. To facilitate these goals, New Jersey established a DNA database and a DNA databank containing classifications from samples submitted by convicted offenders. The results obtained from forensic (crime scene) samples analyzed by the contractor will, after a quality review by the NJSP, be entered into the Forensic Index of the CODIS database.

The expected services are described in [RFP Section 3.0](#) (Scope of Work).

The intent of this RFP is to award a contract to that responsible bidder whose bid proposal, conforming to this RFP, is most advantageous to the State, price and other factors considered.

### **1.2 BACKGROUND**

The Division of State Police operates a laboratory system that includes the State DNA Laboratory in Hamilton, New Jersey. In addition to providing full time forensic laboratory services in the inspection and analysis of crime related evidence, this laboratory is the sole facility in the State system which performs DNA analysis. Pursuant to the provisions of N.J.S.A. 53:1-20.17, et. seq. the Division of State Police is also responsible for administering the DNA identification record system (State DNA Database) which provides DNA records to the FBI for storage and maintenance in the Federal Bureau of Investigation Combined DNA Index System (CODIS), as well as the State DNA Databank which is the repository of DNA samples.

The Division of Criminal Justice has established a CODIS Compliance Unit to ensure the efficient collection of CODIS samples, verification of the Offender's identity, compliance with state statutes and federal guidelines, and an appropriate response to database matches. The Unit operates within the Division of Criminal Justice.

The laboratory anticipates a backlog of 150 to 300 no-suspect sexual assault cases to be outsourced for Y screening, STR analysis and/or Y-STR analysis as necessary. **Note: For outsourcing kindly refer to Section 4.4.1.7 of this RFP** These cases will fall under the 2003 NIJ no-suspect casework grant. The 2003 NIJ samples will be unscreened sexual assault kits containing vaginal, anal, and oral swabs, or other swabbings (e.g. dried secretions or genital swabbing), as well as a buccal reference sample from the victim. A few may contain a single article of clothing from the victim. Some samples will be prescreened seminal stains or other biological stains such as blood or saliva. Any up-loadable STR profiles obtained from these cases will be entered into the CODIS databank. In addition, this contract will cover up to 500 cases under the 2004 casework backlog reduction NIJ Grant. The 2004 NIJ Grant will contain similar evidence, but may also contain bloodstains, saliva, or other biological evidence, as well as a reference buccal sample from a suspect. Additional cases involving biological samples, NOT funded by NIJ grants, could also be submitted during this contract period.

### 3.4 SAMPLE PROCESSING AND ANALYSIS

The contractor shall adhere to the following steps/procedures in handling and analyzing all submitted samples:

1. Upon receipt by the contractor's laboratory, all kits will be inventoried.
2. Where applicable, a differential extraction for separation of sperm and non-sperm fractions must be employed before STR typing. A minimum of 4 washes of the sperm fraction shall be employed.
3. Where applicable (e.g. semen stains, or possible mixed stains where a male profile would be probative), sample of all unknown specimens (up to a maximum of four) from each case (e.g. 3 swabs and one article of clothing) will be screened using a validated Y DNA based screening process. In most instances only the swabs from 3 specimens will be present.
4. In applicable cases, the contractor's laboratory will perform STR typing on a the reference sample(s), and all unknowns (up to a maximum of 4 unknowns) which were positive using the Y screen. The STR's will be typed using the Applied Biosystems Profiler Plus and Cofiler amplification kits. Perkin Elmer GeneAmp PCR System 9600 or 9700 thermal cyclers shall be used by the Vendor for the amplification of the template DNA. A newer model of the PE GeneAmp PCR System may be used if it has been validated for forensic purposes, upon permission of the NJSP.
5. Non semen cases may require the contractor to screen for blood, saliva, or other cellular samples using minimally destructive methods such as Kastle-Meyer (KM), amylase detection, or Alternate Light Source (ALS). In cases where the presence of a biological fluid can be reasonably assumed (such as saliva on cigarette butts, toothpicks, gum, bottlenecks, etc.) no screening is required. Positive samples or those not requiring screening will be typed using the Applied Biosystems Profiler Plus and Cofiler amplification kits. Perkin Elmer GeneAmp PCR System 9600 or 9700 thermal cyclers shall be used by the Vendor for the amplification of the template DNA. A newer model of the PE GeneAmp PCR System may be used if it has been validated for forensic purposes, upon permission of the NJSP.
6. The contract laboratory shall use an ABI 310 or 3100 genetic analyzer and Genescan and Genotyper software (NT version), or an ABI 377.

7. If a sample gives a positive Y screen, but yields only a female or non-informative mixture, the contractor shall analyze the sample for Y-STR's. The Y STR's must be analyzed using a developmentally and internally validated kit which includes amelogenin and the 11 loci recommended by SWGDAM. These loci are DYS19, DYS385, DYS 389I, DYS389II, DYS390, DYS391, DYS392, DYS393, DYS438, and DYS439.

Electronic data shall be supplied in the form of a CD which will contain relevant instrument data collection files as well as Genescan and Genotyper files.

### **3.6 Required Quality Assurance and Controls:**

#### **3.6.1 Amplification positive**

Name: 9947A

Location on analysis: Determined by vendor; must be consistent

Location in data files: Determined by vendor; must be consistent

#### **3.6.2 Amplification negative**

Name: Vendor determined

When introduced: at amplification stage

Considered acceptable when: No true alleles are detected

Location on analysis: Determined by vendor; must be consistent

Location in data files: Determined by vendor; must be consistent

#### **3.6.3 Extraction negative**

Name: Determined by the vendor

When introduced: at extraction

Considered acceptable when: No true alleles are detected

Location on analysis: Determined by vendor; must be consistent

Location in data files: Determined by vendor; must be consistent

Ladders (at least three per 96 samples) should be run

All samples shall be directly associated with their controls. That is each time a sample is analyzed the appropriate control must also be analyzed in the same data file.

A data file is defined as all reportable samples and controls and should include all appropriate Genescan/Genotyper files. Documentation shall be supplied by the vendor which clearly indicates which samples were analyzed in a batch and shall clearly indicate which controls are associated with each sample.

### **3.7 Data Analysis**

The State shall only receive data resulting from high quality profiles. Questionable data or profiles with unexplainable extraneous peaks shall not be acceptable. The vendor shall provide the State with their reporting criteria for approval.

Maximum Peak Height:

4000 RFU analyzed for 377

6000 RFU analyzed for 310

Shape: Peak shape shall be symmetrical and taller than it is wide and no shoulder detected by Genescan..

#### **3.7.1 Internal size standard:**

Every sample including controls and ladders shall have all peaks between and including 75 and 400 bp for Cofiler and Profiler Plus present with the appropriate characteristics as listed above.

If the vendor will use an ABI 310, the 250 bp peaks for the samples and the ladder used for genotyping must be within one bp of each other.

**Non-allelic Peaks: must be identified as such and be edited. The below is a example:**

-A: identifiable at -1 base pair

spikes, pullup: Must be shown on a single page three or four color printout showing scan numbers and base pairs

Single source samples that exhibit a pattern of three or more peaks within a locus shall be re-amplified and re-analyzed by the Vendor prior to reporting. The result may be reported to the State, but shall be documented and flagged on the accompanying worksheet(s).

### **3.7.2 Off-Ladder Alleles**

For sample alleles that do not size within a  $\pm 0.5$  bp window of a ladder allele, the PCR product shall first be re-injected to determine if the off-ladder sizing was due to measurement error. If the PCR product yields an off-ladder allele following re-injection, the sample shall be re-amplified and re-analyzed to determine if it is a true microvariant allele. A list of common microvariants which do not require re-analysis will be provided to the Vendor by the State.

### **3.7.3 Alleles Migrating Above or Below Ladder**

Samples exhibiting alleles that migrate above or below the allelic ladder shall be re-amplified and re-analyzed. Alleles above or below the allelic ladder shall be interpreted and reported as < (lowest allele) or > (highest allele), respectively.

Null Genotypes (single source profiles)

Non-degraded samples that do not exhibit a genotype for a single locus may be determined to have a null genotype at that locus. These samples shall be re-extracted and re-analyzed prior to reporting.

**Composite profiles** are not acceptable. The contractor may not combine results of different injections for either Profiler Plus or Cofiler.

## **3.8 AGREEMENT NOT TO DISCLOSE:**

The Contractor and the Contractor's Laboratory will be required to execute an agreement not to disclose information, as a condition of this bid proposal. The contractor's laboratory must provide immediate notification to the State Contract Manager, in the event that its qualifications are diminished. Diminished qualifications may include, but are not limited to, the loss of key personnel, the denial of laboratory accreditation, the loss of laboratory accreditation, or a proficiency test failure. Failure of the laboratory to maintain their qualifications shall be sufficient grounds for the State to terminate the contract.

## 4.0 PROPOSAL PREPARATION AND SUBMISSION

### 4.1 GENERAL

The bidder must follow instructions contained in this RFP and in the bid cover sheet in preparing and submitting its bid proposal. The bidder is advised to thoroughly read and follow all instructions.

The information required to be submitted in response to this RFP has been determined to be essential in the bid evaluation and contract award process. Any qualifying statements made by the bidder to the RFP's requirements could result in a determination that the bidder's proposal is materially non-responsive. Each bidder is given wide latitude in the degree of detail it elects to offer or the extent to which plans, designs, systems, processes and procedures are revealed. Each bidder is cautioned, however, that insufficient detail may result in a determination that the bid proposal is materially non-responsive or, in the alternative, may result in a low technical score being given to the bid proposal.

The bidder is instructed to clearly identify any requirement of this RFP that the bidder cannot satisfy.

### 4.2 PROPOSAL DELIVERY AND IDENTIFICATION

In order to be considered, a bid proposal must arrive at the Purchase Bureau in accordance with the instructions on the RFP cover sheet. Each bidder shall submit **six (6) full, complete and exact copies** of the original. The copies requested are necessary in the evaluation of the bid proposal. Bidders failing to provide the requested number of copies will be charged the cost incurred by the State in producing the requested number of copies and will not be evaluated until such cost is paid. The proposal of any bidder that fails to provide the requested number of copies, and fails to remit payment for the State making the copies within five (5) business days of notification by the State of the cost of making the required copies, shall be deemed non-responsive and not evaluated. The State requests, but does not require, each bidder submit one (1) complete and exact copy of its proposal in electronic format. If submitted the copy should be in PDF file format to be viewable by State evaluators using Adobe Acrobat Reader software. It is suggested that the bidder make and retain a copy of its bid proposal.

## **5.7 AVAILABILITY OF FUNDS**

The State's obligation to pay the contractor is contingent upon the availability of appropriated funds from which payment for contract purposes can be made. No legal liability on the part of the State for payment of any money shall arise unless funds are made available each fiscal year to the Using Agency by the Legislature.

## **5.8 CONTRACT AMENDMENT**

Any changes or modifications to the terms of the contract shall only be valid when they have been reduced to writing and executed by the contractor and the Director.

## **5.9 CONTRACTOR RESPONSIBILITIES**

The contractor shall have sole responsibility for the complete effort specified in the contract. Payment will be made only to the contractor. The contractor shall have sole responsibility for all payments due any subcontractor.

The contractor is responsible for the professional quality, technical accuracy and timely completion and submission of all deliverables, services or commodities required to be provided under the contract. The

contractor shall, without additional compensation, correct or revise any errors, omissions, or other deficiencies in its deliverables and other services. The approval of deliverables furnished under this contract shall not in any way relieve the contractor of responsibility for the technical adequacy of its work. The review, approval, acceptance or payment for any of the services shall not be construed as a waiver of any rights that the State may have arising out of the contractor's performance of this contract.

#### **5.10 SUBSTITUTION OF STAFF**

If it becomes necessary for the contractor to substitute any management, supervisory or key personnel, the contractor will identify the substitute personnel and the work to be performed.

The contractor must provide detailed justification documenting the necessity for the substitution. Resumes must be submitted evidencing that the individual(s) proposed as substitution(s) have qualifications and experience equal to or better than the individual(s) originally proposed or currently assigned.

The contractor shall forward a request to substitute staff to the State Contract Manager for consideration and approval. No substitute personnel are authorized to begin work until the contractor has received written approval to proceed from the State Contract Manager.

#### **5.11 SUBSTITUTION OR ADDITION OF SUBCONTRACTOR(S)**

This Subsection serves to supplement but not to supersede [Section 3.11](#) of the Standard Terms and Conditions of this RFP.

If it becomes necessary for the contractor to substitute a subcontractor, add a subcontractor or substitute its own staff for a subcontractor, the contractor will identify the proposed new subcontractor or staff member(s) and the work to be performed. The contractor must provide detailed justification documenting the necessity for the substitution or addition.

The contractor must provide detailed resumes of its proposed replacement staff or of the proposed subcontractor's management, supervisory and other key personnel that demonstrate knowledge, ability and experience relevant to that part of the work which the subcontractor is to undertake.

The qualifications and experience of the replacement(s) must equal or exceed those of similar personnel proposed by the contractor in its bid proposal.

The contractor shall forward a written request to substitute or add a subcontractor or to substitute its own staff for a subcontractor to the State Contract Manager for consideration. If the State Contract Manager approves the request, the State Contract Manager will forward the request to the Director for final approval.

No substituted or additional subcontractors are authorized to begin work until the contractor has received written approval from the Director.

#### **5.12 OWNERSHIP OF MATERIAL**

All data, technical information, materials gathered, originated, developed, prepared, used or obtained in the performance of the contract, including, but not limited to, all reports, surveys, plans, charts, literature, brochures, mailings, recordings (video and/or audio), pictures, drawings, analyses, graphic representations, software computer programs and accompanying documentation and print-outs, notes and memoranda, written procedures and documents, regardless of the state of completion, which are prepared for or are a result of the services required under this contract shall be and remain the property of the State of New Jersey and shall be delivered to the State of New Jersey upon 30 days notice by the State. With respect to software computer programs and/or source codes developed for the State, the work shall be considered "work for hire", i.e., the State, not the contractor or subcontractor, shall have full and complete ownership of all software computer programs and/or source codes developed. To the extent that any of such materials may not, by operation of the law, be a work made for hire in accordance with the terms of this Agreement, contractor or subcontractor hereby assigns to the State all right, title and interest in and to any such material, and the State shall have the right to obtain and hold in its own name and copyrights, registrations and any other proprietary rights that may be available.

Should the bidder anticipate bringing pre-existing intellectual property into the project, the intellectual property must be identified in the bid proposal. Otherwise, the language in the first paragraph of this section prevails. If the bidder identifies such intellectual property ("Background IP") in its bid proposal, then the Background IP owned by the bidder on the date of the contract, as well as any modifications or adaptations thereto, remain the property of the bidder. Upon contract award, the bidder or contractor shall grant the State a non-exclusive, perpetual royalty free license to use any of the bidder/contractor's Background IP delivered to the State for the purposes contemplated by the Contract.

### 5.13 DATA CONFIDENTIALITY

All financial, statistical, personnel and/or technical data supplied by the State to the contractor are confidential. The contractor is required to use reasonable care to protect the confidentiality of such data. Any use, sale or offering of this data in any form by the contractor, or any individual or entity in the contractor's charge or employ, will be considered a violation of this contract and may result in contract termination and the contractor's suspension or debarment from State contracting. In addition, such conduct may be reported to the State Attorney General for possible criminal prosecution.

### 5.14 NEWS RELEASES

The contractor is not permitted to issue news releases pertaining to any aspect of the services being provided under this contract without the prior written consent of the Director.

### 5.15 ADVERTISING

The contractor shall not use the State's name, logos, images, or any data or results arising from this contract as a part of any commercial advertising without first obtaining the prior written consent of the Director.

### 5.16 LICENSES AND PERMITS

The contractor shall obtain and maintain in full force and effect all required licenses, permits, and authorizations necessary to perform this contract. The contractor shall supply the State Contract Manager with evidence of all such licenses, permits and authorizations. This evidence shall be submitted subsequent to the contract award. All costs associated with any such licenses, permits and authorizations must be considered by the bidder in its bid proposal.

### 5.17 CLAIMS AND REMEDIES

#### 5.17.1 CLAIMS

All claims asserted against the State by the contractor shall be subject to the New Jersey Tort Claims Act, N.J.S.A. 59:1-1, et seq., and/or the New Jersey Contractual Liability Act, N.J.S.A. 59:13-1, et seq.

#### 5.17.2 REMEDIES

Nothing in the contract shall be construed to be a waiver by the State of any warranty, expressed or implied, of any remedy at law or equity, except as specifically and expressly stated in a writing executed by the Director.

#### 5.17.3 REMEDIES FOR NON-PERFORMANCE

In the event the contractor fails to comply with any material contract requirement, the Director may take steps to terminate the contract in accordance with the State Administrative Code. In this event, the Director may authorize the delivery of contract items by any available means, with the difference between the price paid and the defaulting contractor's price either being deducted from any monies due the defaulting contractor or being an obligation owed the State by the defaulting contractor.

## 5.18 LATE DELIVERY

The contractor must immediately advise the State Contract Manager of any circumstance or event that could result in late completion of any task or subtask called for to be completed on a date certain. Notification must also be provided to the Director at the address below:

The State of New Jersey  
Director, Division of Purchase and Property  
Purchase Bureau  
PO Box 230  
33 West State St.  
Trenton, New Jersey 08625-0230

## 5.19 RETAINAGE

Not applicable to this procurement

## 5.20 STATE'S OPTION TO REDUCE SCOPE OF WORK

The State has the option, in its sole discretion, to reduce the scope of work for any task or subtask called for under this contract. In such an event, the Director shall provide advance written notice to the contractor.

Upon receipt of such written notice, the contractor will submit, within five (5) working days to the Director and the State Contract Manager, an itemization of the work effort already completed by task or subtask. The contractor shall be compensated for such work effort according to the applicable portions of its cost proposal.

## 5.21 SUSPENSION OF WORK

The State Contract Manager may, for valid reason, issue a stop order directing the contractor to suspend work under the contract for a specific time. The contractor shall be paid until the effective date of the stop order. The contractor shall resume work upon the date specified in the stop order, or upon such other date as the State Contract Manager may thereafter direct in writing. The period of suspension shall be deemed added to the contractor's approved schedule of performance. The Director and the contractor shall negotiate an equitable adjustment, if any, to the contract price.

## 5.22 CHANGE IN LAW

Whenever an unforeseen change in applicable law or regulation affects the services that are the subject of this contract, the contractor shall advise the State Contract Manager and the Director in writing and include in such written transmittal any estimated increase or decrease in the cost of its performance of the services as a result of such change in law or regulation. The Director and the contractor shall negotiate an equitable adjustment, if any, to the contract price.

## 5.23 CONTRACT PRICE INCREASE (PREVAILING WAGE)

If the Prevailing Wage Act (N.J.S.A. 34:11-56 et seq.) is applicable to the contract, the contractor may apply to the Director, on the anniversary of the effective date of the contract, for a contract price increase. The contract price increase will be available only for an increase in the prevailing wages of trades and occupations covered under this contract during the prior year. The contractor must substantiate with documentation the need for the increase and submit it to the Director for review and determination of the amount, if any, of the requested increase, which shall be available for the upcoming contract year. No retroactive increases will be approved by the Director.

## 5.24 ADDITIONAL WORK AND/OR SPECIAL PROJECTS

The contractor shall not begin performing any additional work or special projects without first obtaining written approval from both the State Contract Manager and the Director.

In the event of additional work and/or special projects, the contractor must present a written proposal to perform the additional work to the State Contract Manager. The proposal should provide justification for the necessity of the additional work. The relationship between the additional work and the base contract work must be clearly established by the contractor in its proposal.

The contractor's written proposal must provide a detailed description of the work to be performed broken down by task and subtask. The proposal should also contain details on the level of effort, including hours, labor categories, etc., necessary to complete the additional work.

The written proposal must detail the cost necessary to complete the additional work in a manner consistent with the contract. The written cost proposal must be based upon the hourly rates, unit costs or other cost elements submitted by the contractor in the contractor's original bid proposal submitted in response to this RFP. Whenever possible, the cost proposal should be a firm, fixed cost to perform the required work. The firm fixed price should specifically reference and be tied directly to costs submitted by the contractor in its original bid proposal. A payment schedule, tied to successful completion of tasks and subtasks, must be included.

Upon receipt and approval of the contractor's written proposal, the State Contract Manager shall forward same to the Director for the Director's written approval. Complete documentation from the Using Agency, confirming the need for the additional work, must be submitted. Documentation forwarded by the State Contract Manager to the Director must all include all other required State approvals, such as those that may be required from the State of New Jersey's Office of Management and Budget (OMB) and Office of Information and Technology (OIT).

No additional work and/or special project may commence without the Director's written approval. In the event the contractor proceeds with additional work and/or special projects without the Director's written approval, it shall be at the contractor's sole risk. The State shall be under no obligation to pay for work performed without the Director's written approval.

## **5.25 FORM OF COMPENSATION AND PAYMENT**

This Section supplements [Section 4.5 of the RFP'S Standard Terms and Conditions](#). The contractor must submit official State invoice forms to the Using Agency with supporting documentation evidencing that work for which payment is sought has been satisfactorily completed. Invoices must reference the tasks or subtasks detailed in the Scope of Work section of the RFP and must be in strict accordance with the firm, fixed prices submitted for each task or subtask on the RFP pricing sheets. When applicable, invoices should reference the appropriate RFP price sheet line number from the contractor's bid proposal. All invoices must be approved by the State Contract Manager before payment will be authorized.

Invoices must also be submitted for any special projects, additional work or other items properly authorized and satisfactorily completed under the contract. Invoices shall be submitted according to the payment schedule agreed upon when the work was authorized and approved. Payment can only be made for work when it has received all required written approvals and has been satisfactorily completed.

### **5.25.1 PAYMENT TO CONTRACTOR - OPTIONAL METHOD**

The State of New Jersey now offers State contractors the opportunity to be paid through the Mastercard procurement card (p-card). A contractor's acceptance and a State agency's use of the p-card, however, is optional.

P-card transactions do not require the submission of either a contractor invoice or a State payment voucher. Purchasing transactions using the p-card will usually result in payment to a contractor in three days.

A contractor should take note that there will be a transaction-processing fee for each p-card transaction. To participate, a contractor must be capable of accepting the Mastercard. Additional information can be obtained from banks or merchant service companies.

## 5.26 CONTRACT ACTIVITY REPORT

In conjunction with the standard record keeping requirements of this contract, as listed in paragraph 3.19 of this RFP'S standard terms and conditions, contractor(s) must provide, on a calendar quarter basis, to the Purchase Bureau buyer assigned, a record of all purchases made under their contract award resulting for this Request for Proposal. This includes purchases made by all using agencies including the State and political sub-divisions thereof. This reporting requirement includes sales to State using agencies and, if permitted under the terms of the contract, sales to counties, municipalities, school districts, volunteer fire departments, first aid squads and rescue squads, and independent institutions of higher education. The requirement also includes sales to State and County Colleges and Quasi-State Agencies. Quasi-State Agencies include any agency, commission, board, authority or other such governmental entity which is established and is allocated to a State department or any bi-state governmental entity of which the State of New Jersey is a member.

This information must be provided in a tabular format such that an analysis can be made to determine the following:

- Contractor's total sales volume under contract, subtotaled by product.
- Contractor's total sales volume to each purchaser under the contract, subtotaled by product, including, if applicable, catalog number and description, price list with appropriate page reference and/or contract discount applied

Submission of purchase orders, confirmations, and/or invoices do not fulfill this contract requirement for information.

Contractors are strongly encouraged to submit the required information in electronic spreadsheet format. The Purchase Bureau uses Microsoft Excel.

Failure to report this mandated information will be a factor in future award decisions.

## 5.27 REQUIREMENTS OF EXECUTIVE ORDER 134

In order to safeguard the integrity of State government procurement by imposing restrictions to insulate the award of State contracts from political contributions that pose the risk of improper influence, purchase of access, or the appearance thereof, Executive Order 134 was signed on September 22, 2004 ("EO 134"). Pursuant to the requirements of EO 134, the terms and conditions set forth in this section are material terms of any contract resulting from this RFP:

### 5.27.1 DEFINITIONS

For the purpose of this section, the following shall be defined as follows:

a) Contribution – means a contribution reportable as a recipient under "The New Jersey Campaign Contributions and Expenditures Reporting Act." P.L. 1973, c. 83 (C.19:44A-1 et seq.), and implementing regulations set forth at N.J.A.C. 19:25-7 and N.J.A.C. 19:25-10.1 et seq. Currently, contributions in excess of \$400 during a reporting period are deemed "reportable" under these laws. As of January 1, 2005, that threshold will be reduced to contributions in excess of \$300.

b) Business Entity – means any natural or legal person, business corporation, professional services corporation, limited liability company, partnership, limited partnership, business trust, association or any other legal commercial entity organized under the laws of New Jersey or any other state or foreign jurisdiction. It also includes (i) all principals who own or control more than 10 percent of the profits or assets of a business entity or 10 percent of the stock in the case of a business entity that is a corporation for profit, as appropriate; (ii) any subsidiaries directly or indirectly controlled by the business entity; (iii) any political organization organized under 26 U.S.C.A. 527 that is directly or indirectly controlled by the business entity, other than a candidate committee, election fund, or political party committee; and (iv) if a business entity is a natural person, that person's spouse or child, residing in the same household.

## 5.27.2 BREACH OF TERMS OF EXECUTIVE ORDER 134

It shall be a breach of the terms of the contract for the Business Entity to (i) make or solicit a contribution in violation of this Order, (ii) knowingly conceal or misrepresent a contribution given or received; (iii) make or solicit contributions through intermediaries for the purpose of concealing or misrepresenting the source of the contribution; (iv) make or solicit any contribution on the condition or with the agreement that it will be contributed to a campaign committee or any candidate or holder of the public office of Governor, or to any State or county party committee; (v) engage or employ a lobbyist or consultant with the intent or understanding that such lobbyist or consultant would make or solicit any contribution, which if made or solicited by the business entity itself, would subject that entity to the restrictions of EO 134; (vi) fund contributions made by third parties, including consultants, attorneys, family members, and employees; (vii) engage in any exchange of contributions to circumvent the intent of EO 134; or (viii) directly or indirectly through or by any other person or means, do any act which would subject that entity to the restrictions of EO 134.

## 5.27.3 CERTIFICATION AND DISCLOSURE REQUIREMENTS

a) The State shall not enter into a contract to procure from any Business Entity services or any material, supplies or equipment, or to acquire, sell or lease any land or building, where the value of the transaction exceeds \$17,500, if that Business Entity has solicited or made any contribution of money, or pledge of contribution, including in-kind contributions to a candidate committee and/or election fund of any candidate for or holder of the public office of Governor, or to any State or county political party committee during certain specified time periods

b) Prior to awarding any contract or agreement to any Business Entity, the Business Entity proposed as the intended awardee of the contract shall submit the Certification and Disclosure form, certifying that no contributions prohibited by Executive Order 134 have been made by the Business Entity and reporting all contributions the Business Entity made during the preceding four years to any political organization organized under 26 U.S.C.527 of the Internal Revenue Code that also meets the definition of a "continuing political committee" within the mean of N.J.S.A. 19:44A-3(n) and N.J.A.C. 19:25-1.7. The required form and instructions, available for review on the Purchase Bureau website at <http://www.state.nj.us/treasury/purchase/forms.htm#eo134> , shall be provided to the intended awardee for completion and submission to the Purchase Bureau with the Notice of Intent to Award. Upon receipt of a Notice of Intent to Award a Contract, the intended awardee shall submit to the Division, in care of the Purchase Bureau Buyer, the Certification and Disclosure(s) within five (5) business days of the State's request. Failure to submit the required forms will preclude award of a contract under this RFP, as well as future contract opportunities.

c) Further, the Contractor is required, on a continuing basis, to report any contributions it makes during the term of the contract, and any extension(s) thereof, at the time any such contribution is made. The required form and instructions, available for review on the Purchase Bureau website at <http://www.state.nj.us/treasury/purchase/forms.htm#eo134> , shall be provided to the intended awardee with the Notice of Intent to Award.

## 5.27.4 STATE TREASURER REVIEW

The State Treasurer or his designee shall review the Disclosures submitted pursuant to this section, as well as any other pertinent information concerning the contributions or reports thereof by the intended awardee, prior to award, or during the term of the contract, by the contractor. If the State Treasurer determines that any contribution or action by the contractor constitutes a breach of contract that poses a conflict of interest in the awarding of the contract under this solicitation, the State Treasurer shall disqualify the Business Entity from award of such contract.

## **5.28 REQUIREMENTS OF EXECUTIVE ORDER 129**

Under the Executive Order 129 issued on September 9, 2004 ("E.O. 129"), the State shall not award a contract to a bidder that submits a bid proposal to perform services, or have its subcontractor[s] perform services, outside the United States, unless one of the following conditions is met:

- a) The bidder or its subcontractor provide a unique service, and no comparable, domestically-provided service can adequately duplicate the unique features of the service provided by the bidder or and/or its subcontractor; or
- b) A significant and substantial economic cost factor exists such that a failure to use the bidder's and/or the subcontractor'[s] services would result in economic hardship to the State; or
- c) The Treasurer determines that a failure to use the bidder's and/or its subcontractor's services would be inconsistent with the public interest.

### **5.28.1 SOURCE DISCLOSURE REQUIREMENTS**

Pursuant to E.O. 129, all bidders seeking a contract with the State of New Jersey must disclose:

- a) The location by country where services under the contract will be performed; and
- b) The location by country where any subcontracted services will be performed.

Accordingly, the bidder should submit with its bid proposal the Source Disclosure Certification form (Appendix 6), filled out with the sourcing information required for itself and any proposed subcontractor, identified in the Intent to Subcontract Form. If the information is not submitted with the bid proposal, it shall be submitted within five (5) business days of the State's request for the information.

**FAILURE TO SUBMIT SOURCING INFORMATION WHEN REQUESTED BY THE STATE SHALL PRECLUDE AWARD OF A CONTRACT TO THE BIDDER.**

### **5.28.2 BREACH OF CONTRACT OF EXECUTIVE ORDER 129**

**A SHIFT TO OUTSOURCED SERVICES DURING THE TERM OF THE CONTRACT SHALL BE DEEMED A BREACH OF THE CONTRACT.**

If, during the term of the contract, the contractor or subcontractor, who had on contract award declared that services would be performed in the United States, proceeds to shift the performance of the services outside of the United States, the contractor shall be deemed in breach of the contract, which contract shall be subject to termination for cause pursuant to Section 3.5b.1 of the Standard Terms and conditions, unless the Director shall have first determined in writing that extraordinary circumstances require a shift of services or that a failure to shift the services would result in economic hardship to the State.

## **6.0 PROPOSAL EVALUATION/CONTRACT AWARD**

### **6.1 PROPOSAL EVALUATION COMMITTEE**

Bid proposals may be evaluated by an Evaluation Committee composed of members of affected departments and agencies together with representative(s) from the Purchase Bureau. Representatives from other governmental agencies may also serve on the Evaluation Committee. On occasion, the Evaluation Committee may choose to make use of the expertise of outside consultant in an advisory role.

### **6.2 ORAL PRESENTATION AND/OR CLARIFICATION OF BID PROPOSAL**

After the submission of bid proposals, unless requested by the State, contact with the State is limited to status inquiries only and such inquiries are only to be directed to the buyer. Any further contact or information about the proposal to the buyer or any other State official connected with the solicitation will be considered an impermissible supplementation of the bidder's bid proposal.

A bidder may be required to give an oral presentation to the Evaluation Committee concerning its bid proposal. The Evaluation Committee may also require a bidder to submit written responses to questions regarding its bid proposal.

The purpose of such communication with a bidder, either through an oral presentation or a letter of clarification, is to provide an opportunity for the bidder to clarify or elaborate on its bid proposal. Original bid proposals submitted, however, cannot be supplemented, changed, or corrected in any way. No comments regarding other bid proposals are permitted. Bidders may not attend presentations made by their competitors.

It is within the Evaluation Committee's discretion whether to require a bidder to give an oral presentation or require a bidder to submit written responses to questions regarding its bid proposal. Action by the Evaluation Committee in this regard should not be construed to imply acceptance or rejection of a bid proposal. The Purchase Bureau buyer will be the sole point of contact regarding any request for an oral presentation or clarification.

### **6.3 EVALUATION CRITERIA**

The following evaluation criteria categories, not necessarily listed in order of significance, will be used to evaluate bid proposals received in response to this RFP. The evaluation criteria categories may be used to develop more detailed evaluation criteria to be used in the evaluation process:
